

# Down N' Dirty

Industrial Strength Spray & Wipe Degreaser

TECHNICAL DATA SHEET

*Blasts away soils and grease without odors or fumes.*

Down N' Dirty contains powerful detergents that emulsify and suspend heavy build up of grease, dirt and carbons to be easily wiped or rinsed away. While Down N' Dirty's unique wetting agents loosen and lift soils, its peptizing and chelating agents prevent the soils from redepositing to ensure a clean surface. And all it takes is just one spray!

Down N' Dirty is ideal for tools, counters, benches, machinery and other greasy, dirty surfaces. It's safe to use on all metal, plastic, rubber and concrete, as well as most painted surfaces.

- Powerful, ready-to-use – just spray on and wipe the grime away
- Rapid penetration ensures removal of soils and grease
- Specially formulated surfactants cut grease and grime on contact; makes cleaning easier and saves time
- Non-filming – even on the toughest grease
- Non-flammable, non-caustic, non-fuming

**DOWN  
N' DIRTY™**  
**SPRAY & WIPE DEGREASER**  
**READY TO USE**

**GETS BEHIND GREASE AND HOLDS IT  
IN SUSPENSION SO THAT IT CAN BE  
EASILY WIPED OR RINSED AWAY.**

**CAUTION: KEEP OUT OF REACH OF CHILDREN  
DO NOT DRINK  
NET CONTENTS: 32 FL. OZ.**

**DOWN N' DIRTY**

**DIRECTIONS:** Spray Down N' Dirty onto surface. Allow several moments for Down N' Dirty to penetrate soils before wiping. Heavily soiled surfaces may require additional time, agitation or repeated applications.

**APPLICATIONS:** Most any water washable surface: Parts, Equipment, Walls, Doors, Plastic, Vinyl, Formica, Enamel, Metal, Rubber, Plastic, Wood, Glass and many more common surfaces.
