GRAFFITI *Be Gone*[™]

COMPONENT 1

INSTRUCTIONS FOR USE:

1. Use protective eyewear and gloves when using this product. Do not get into eyes or on exposed skin. Stir before using.
2. Apply by using a brush, roller or spray (HVLV). Recommended to rinse with water after use.
3. Allow to penetrate marks for 15-20 minutes, (cold temperatures may require longer time), and use power washer with 15 degree tip, 1000-3000 PSI maximum pressure. For optimal performance use hot water (190°F). Alternative: Allow to penetrate 30-35 minutes and then agitate with a brush. Remove with hose at maximum pressure.
4. Repeat process if needed. Use Component 2 "Shadow Remover" to remove any ghosting or shadows. 3000 psi maximum pressure.
