

Nu-Brite

Free Rinsing Synthetic Vehicle Detergent

TECHNICAL DATA SHEET

The easy, effective way to remove road film and dirt from all types of vehicles!

Nu-Brite is a unique blend of surfactants and penetrating agents that lift dirt while anti-redisposition agents hold soil in suspension for easy rinsing.

Nu-Brite is effective on dirt, road film, grease, oil, bugs, tree sap and other foreign matter on cars, trucks, buses, etc.

Nu-Brite is easy to use and may be sprayed on the vehicle or applied with a sponge or towel. Nu-Brite is emulsifying and penetrates dirt and road film without wiping. Nu-Brite rinses off completely and will not harm painted surfaces. It dries quickly at normal temperatures without streaking. This highly concentrated product is ideal for economical cleaning.

NU-BRITE™

A free rinsing grease, dirt, and road film remover for complete vehicle washing.

NU-BRITE IS EFFECTIVE ON: Tar, grease, oil, bugs, tree sap and other foreign matter.

NU-BRITE IS SAFE: Will not harm painted surfaces when used as directed.

NU-BRITE IS ECONOMICAL: Highly concentrated for economical cleaning.

NU-BRITE EMULSIFIES: Penetrates quickly to remove grease and dirt without wiping.

NU-BRITE IS TEMPERATURE CONTROLLED: Dries at any temperature without streaking.

DIRECTION FOR USE

NU-BRITE is concentrated and should be diluted with water before use.

For removal of heavy dirt, grease, and road film dilute 1:20 with water for use in high pressure washer or steam cleaner. For manual removal dilute 1:10 with water, apply with rag, sprayer or brush; let soak and rinse with water.

For medium to light routine maintenance dilute up to 1:100 with water depending on degree of dirt build up.

After washing rinse surface with clear water.

Safe on all vehicle surfaces when used as directed.
