

BIT DR.™

The cure for the common screwdriver.

SKU # 42452

1 Bit Dr. = 21 Screwdrivers+

DCT DURABLE COMPONENT TECH
1-800-285-7965
P.O. BOX 15204, ST. LOUIS, MO 63110

Bit Dr.™ is the cure for the common screwdriver. It features 21 full-size drivers in a compact 4" x 1-1/2" x 5/8" package. The flexible driver system boasts six driving positions, including a torque-enhancing 90° position. Seven length adjustments are possible, allowing the Bit Dr. to reach most any screw.

The hardened steel components of the Bit Dr.™ are nickel-plated for protection from corrosion, and the ergonomic handle makes for comfort in a durable tool of superior strength. The molded bit locker holds the hardened chromoly, nickel-coated, double-sided bits securely; bits feature a finger-tip groove for easy removal from the carriage or from the magnetic hex drive.

- Replaces 21 full-size drivers
- Six driving positions
- Seven length adjustments
- Weighs as much as a standard screwdriver, fits in a pocket
- Compact size
- Lifetime warranty

- 1 Double-sided Xtra-Bit™
