

# EZ SEAL

Liquid Pipe Sealant

## Extend the life of vibrating or moving parts.

- Squeezable tube applies product directly to pipe threads and other fitting; eliminates use of brush-top cans
- Seals all metals, including stainless steel and aluminum without the use of primer
- Lubricates parts for easier assembly
- Allows 30 minutes working time for adjusting parts
- Resistant to gasoline, petroleum oil, natural gas, water, butane and propane
- Safely seals to burst rate of pipe
- Anaerobic sealant dries without the need for air
