

BRUTE PLATINUM MATCHED TAP & DRILL INDEX

Thread drilled holes with the complete Matched Tap & Drill Index.

Brute Platinum Matched Tap & Drills with the NOMO (nitride on Margin Only) surface treatment giving the tool exceptional cutting strength and ease to penetrate cutting surfaces.

In addition to the Brute Platinum High Speed Jobber drills the spiral point taps provide premium quality for threading drilled holes. Especially useful in through-hole or deep-blind holes applications.

Spiral point taps are commonly known as a “gun tap”. The spiral point quickly shears and ejects chips ahead of the tap.

- Triple fluted
- Ejects chips forward
- Necked design for deeper, more trouble free tapping.
- Allows for coolant to flow easier to the cutting edges
- Heavier core for less breakage
- Three flutes for 50% less tooth load

Standard Set includes:

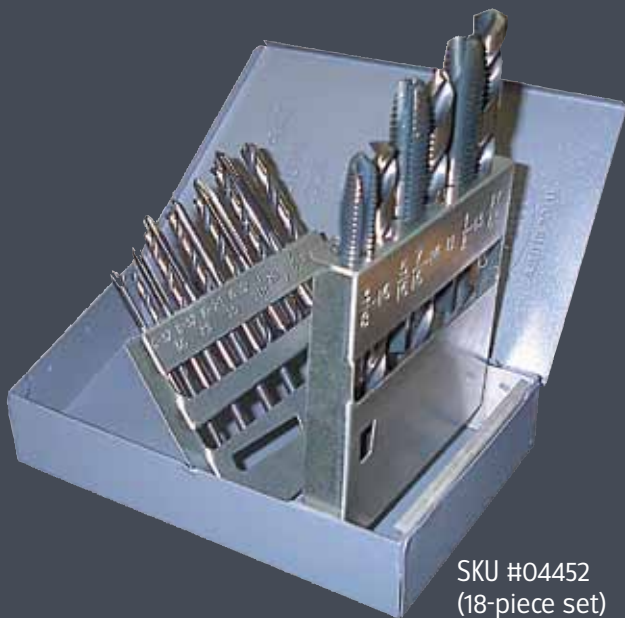

Taps 6-32, 8-32, 10-24, 10-32, 1/4-20, 5/16-18, 3/8-16, 7/16-14, 1/2-13;
Drills 36, 29, 25, 21, 7, F, 5/16, U, 27/64

SKU # 04452

Metric Set includes:

2.5X.45, 3.0X.50, 3.5X.60, 4.0X.70, 5.0X.80, 6.0X1.0, 8.0X1.25,
10X1.50, 12.0X1.75; Drills #46, #39, #32, #30, #19, #8, H, Q, 13/32

SKU # 05051

SKU #04452
(18-piece set)
