

# LEFT HANDED DRILL & BOLT EXTRACTOR SET

## Added Versatility with Left Handed Drill Bits and Bolt Extractors

### FEATURE:

- Left Handed Drills.
- Drills and extractors combined in one convenient kit.
- 135° degree split point.

If you have never used a left handed drill before, you are in for a treat. What was formerly a time consuming, knucklebreaking task can now be done in an instant with your portable drill!

### Each Set Contains:

Screw extractors: #1, #2, #3, #4, #5

Left handed drills: 5/64, 7/64, 5/32, 1/4, 19/64

### BENEFITS:

- May eliminate the need for bolt extractors due to drill backing screw out.
- Will loosen bolt with counterclockwise rotation.
- Cuts hardened bolts that other drills won't.
- Sizes chosen to extract the widest range of bolts.
