SKU # 12377	Red
SKU # 12179	White
SKU # 12179	Yellow

## RATCHET SUSPENSION

SKU # 09738	Blue
SKU # 12235	Green
SKU # 12233	Orange
SKU # 12234	Red
SKU # 09737	White
SKU # 12232	Yellow

## Keep employees safe and stay in compliance with OSHA regulations.

Employees are at risk from falling objects when working beneath cranes, scaffolds, or where overhead work is being performed. There is a danger from flying objects when power tools or activities like pushing, pulling, or prying may cause objects to become airborne. If not protected, employee's injuries can range from minor abrasions to concussions, blindness, even death.

A single injury can handicap an employee for life, or it can be fatal. OSHA mandates "Employees working in areas where there is a possible danger of head injury from impact, or from falling or flying objects, or from electrical shock and burns, shall be protected by protective helmets." (Standards-29 CFR, Head Protection 1926.100)

- OSHA approved
- Meet ANSI Z89.1 standards, Type 1 - Class C, G and E
- CE approved
- Available in 2 suspensions: standard and ratchet for easy adjustment
- Constructed of high density polyethylene
- Impact-absorbing 6 point woven suspension provides comfortable protection
- Gutter rim channels rain away from the neck and face
- Deflects blows to the head from falling or propelled objects
- Insulates workers from electrical shock
- Available in six colors: blue, green, orange, red, white, yellow

## Used By:

- Industry
- Manufacturing
- Road Crews
- Construction
- Utility Crews
- Maintenance Crews
- Mining
- Railroads
