

CAB PAD ROOF PROTECTOR

PROTECTS VEHICLES FROM SCRATCHES, DENTS AND ABRASION WHILE HELPING TO SECURE CARGO

The **Cab Pad Roof Protector** is a heavyweight rubber pad that attaches to the top of a vehicle to protect it from scratches, dents and abrasion from cargo resting on the roof. Raised ends keep the load from shifting, and the flexible rubber conforms to the shape of the vehicle.

- **Easily removable**

The Cab Pad is held in place by suction cups. It is recommended that the Cab Pad be removed when not being used with a load.

- **Fits any truck cab**

Flexible rubber conforms to the shape of your cab.

- **Holds cargo securely in place**

Raised ends keep the load from shifting side to side.

Use with lumber, pipe, ladders and more

SKU# 12889

Attaches with suction cups

Raised ends hold cargo securely
