

# CARGO BARS

## Keep smaller loads from shifting in transit.

### Trigger Lock Cargo Bar

The Trigger Lock Cargo Bar easily adjusts from 44" to 72" - just extend the bar to the desired length, squeeze the trigger to tighten and then lock the trigger grips into the upright position. Ribbed rubber feet on swivel mounts hold the bar securely to any truck bed. Simple to reposition to accommodate any size load, and easily moved between vehicles.

- Easily repositioned, trigger action makes adjustments easy.
- Fits any truck bed, adjusts from 44" to 72" wide.
- Holds cargo securely in place, keeps smaller loads from shifting.
- Use multiple Cargo Bars to secure tall loads.

### Twist N' Lock Cargo Bar

The Twist N' Lock Cargo Bar features a unique locking mechanism that ensures your load will remain securely in place. Simply extend the bar to the approximate size needed and tighten by twisting the bar firmly by hand. Ribbed rubber feet on swivel mounts hold the bar securely to any truck bed. Simple to reposition to accommodate any size load, and easily moved between vehicles.

- Easy to install and move, unique locking mechanism makes adjustments easy.
- Fits any truck bed, adjusts from 44" to 72" wide.
- Holds cargo securely, keeps smaller loads from shifting.
