

METACARPAL GLOVES

Protect your hands from high impact injuries while on the job.

FEATURES:

- Rubber foam molded knuckles, finger and thumb protection to safeguard wearer from impact injuries
- Gel padded bumpers on back help protect the metacarpals
- Hi-Vis coloring and reflective knuckle strap allows them to remain seen even in low light conditions
 - Adjustable hook and loop wrist strap and 1" wide elasticated wrist band conveniently allows wearer to tighten for a comfortable custom fit
 - Added handgrip with "Diamond Grippy" material between the thumb and index finger
 - Stretchy synthetic material reduces sweat build-up and maximizes breathability
 - Constructed with a durable synthetic leather palm and padded polyester elastan spandex back
