

BRUSH CUTTING TOTAL PROTECTION SYSTEM

ALL-IN-ONE EYE, EAR AND HEAD PROTECTION

The lightweight **Brush Cutting Total Protection System** features a CE Approved hard hat with integrated mesh face shield and hearing protectors.

The hard hat provides lightweight, comfortable protection, while meeting ANSI Z89.1 Standards for class G, E and C, Type I. It includes an impact-absorbing six point ratchet suspension and a rain gutter to channel rain away from the face and neck.

The hearing protectors have a Noise Reduction Rating of 27.0 and are fully adjustable with no special tools required.

The mesh visor is constructed of reinforced nylon and provides protection while allowing good ventilation.

- **Lightweight protection**
- **Mesh visor provides ventilation**
- **Hearing protectors are fully adjustable**
- **27.0 Noise Reduction Rating**
- **Hard hat meets ANSI Z89.1 Standards for class G, E and C, Type I and is CE Approved**

Use when operating brush cutter/weed trimmer machines or chain saws.
