

INOVA BOLT LED FLASHLIGHTS

Takes the severest treatment and harshest conditions in stride.

The INOVA Bolt Series of LED flashlights is a marriage of brilliant design with powerful functionality and light. Its industrial-grade toughness makes it the perfect hand held lighting tool for the shop, garage, toolbox, factory, building site, work zone and more.

- Impact-resistant head prevents damage from accidental dropping
- High-impact window safeguards LED
- Energy efficient lifetime LED for unmatched dependability
- Electronically controlled for uniform light output
- Patented optical system and precision machined aluminum reflector with thermal management interface
- Uniform focused spot with flood beam pattern
- Precision machined, aluminum body for tough use
- Non-slip rubber grip
- 2-Position operating end cap switch activates momentary on, constant on/off modes
