

BAHCO Bi-Metal Portable Bandsaw Blades

EXCEPTIONAL CONTROL AND PRECISION FOR HAND-HELD MACHINES

The BAHCO Portable Band Saw Blades are made with heat resistant M42 Cobalt. Their unique wavy tooth design pulls the chip away from the blade and material quicker. This combination of material and wavy tooth design allows for faster cuts and easier feeds.

- Superior weld for longer life
- Tough durable backing
- High flex life

Recommended for cutting aluminum, angle iron, bronze, brass, copper, galvanized pipe, mild steel and tougher steels including stainless, chrome, tungsten steel plus other problem material at slow speed.

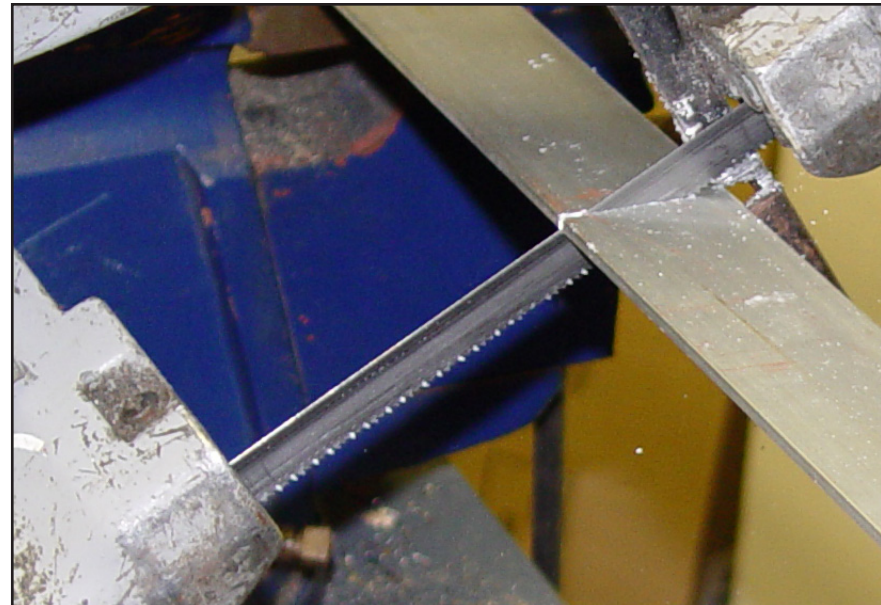

USED BY:

- PLUMBERS
- ELECTRICIANS
- GENERAL MAINTENANCE
- PUBLIC WORKS DEPARTMENTS
- STREET DEPARTMENTS
- WASTE WATER TREATMENT FACILITIES
