

SCRAPERS & BLADES

Professional grade ergonomic scraper for heavy duty applications

The Tool

These Bahco Scrapers make short work of preparing surfaces for finishing or removing unsightly deposits.

- Lightweight, two-component ergonomic handle provides better grip and comfort during use
- Slimlined front for use in confined areas
- Requires less effort
- Models 09664 and 08948 feature heavy duty scraper head for wide material removal
- Model 08948 comes with a large, detachable plastic knob for two-handed operation or heavy duty use
- Model 09756 comes with convenient plastic holder

The Blade

The Bahco Carbide Edged Blade is made from the hardest tungsten carbide material made for a long-lasting cutting edge.

- No scratching or gouging
- Blades available in 2" and 2-1/2" widths
- Four interchangeable carbide blades for precision work are available for different surface applications on Model 09756
- Blades stay sharp 50X longer than conventional steel blades

Use to Remove:

Paint
Glue
Varnish
Rust
Gaskets
Chalk
Grout
Mortar

Use On:

Wood
Metal
Plastic
Glass
