

# EXTRA WIDE JAW ADJUSTABLE WRENCHES

**The extra wide jaw opening combined with a compact design provides increased capacity vs. regular wrenches.**

Available in 2 sizes. The 6" design accommodates the capacity of an ordinary 10" wrench, while the 8" size brings the same expansion of an ordinary 12" wrench.

#### FEATURES:

- Extra wide opening jaws with shorter handle offers maximum access in confined areas
- Slim head with tapered jaws combine easy accessibility with extra turning strength
- True ergo® design with thermoplastic handle and larger grip width
- Measurement scale on head conveniently shows fastener size
- Precision hardened and anti-corrosion treated

#### IDEAL AREAS OF USE:

Water Meters  
Under the sink  
Within enclosures  
Anywhere a short handle is needed
