

MASTER MAINTENANCE

Master Maintenance 8-Piece Tool Set

Aviation Snips (right cut 10-inch):

- 1 • Cuts a wide range of materials from stainless to heavy 18 gauge steel.
- Serrated cutting edges.
- Spring activated latch unlocks automatically.
- Latch will not close accidentally

Adjustable Wrench with Scale (8-inch):

- 2 • Thinner jaws for ease of work in small areas.
- Nonpertruding jaw shank for less space.
- Triple coat chrome plated resist corrosion and peeling.
- Jaws are perfectly parallel to reduce nut damage.
- Complete with measurement scale.
- Smooth jaw handling and accurate adjustment.

Long Needle Nose Pliers (8-inch):

- 3 • Gripping surface is serrated.
- For cutting hard and soft wire.
- Cutting edge hardened to 60 Rockwell.

Ultra High Leverage Diagonal Cutters (8-inch):

- 4 • Cutting edges hardened to 64 Rockwell.
- Fixed, forged on axle rivet.
- Designed for effortless cutting of piano hard and soft wire.

Alligator Pliers (10-inch):

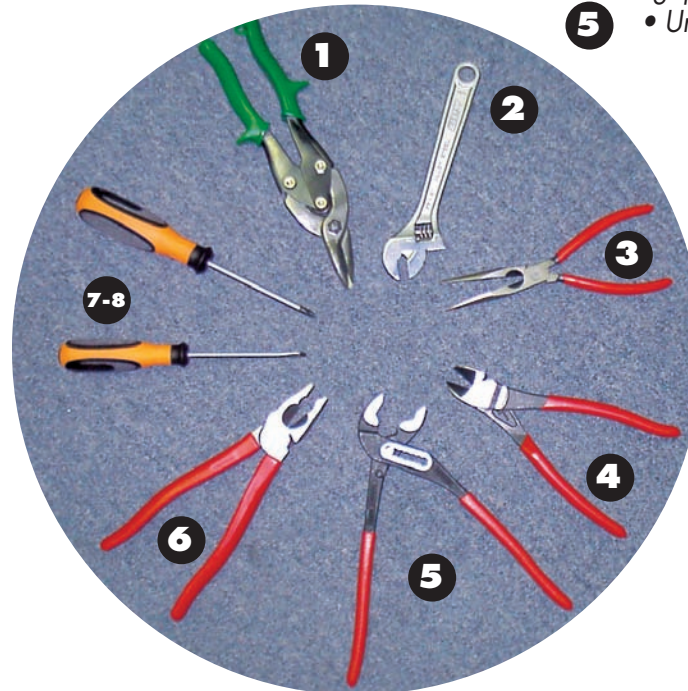

- Box joint construction.
- Self-gripping on pipes and nuts.
- 5 • Unique jaw design shaped to eliminate nut-burn.
- Hardened teeth are 60 Rockwell.
- 7 position adjustment.

Ultra High Leverage Combination pliers (9-inch):

- With a new high leverage eccentric joint.
- Additional serrated round jaws for gripping small work pieces.
- 6 • Designed to cut piano and other solid wire with minimal effort.
- Long cutting edges for thicker cables.
- Cutting edges hardened to 64 Rockwell.

Screwdrivers (#2 Phillips and 4-inch Flat tip):

- 7-8 • Alternate hard and soft surface on triangular handle ensures greater transmission of power.
- Microfiber finish provides stronger grip under wet and oily conditions.

Comes in a vinyl pouch.
