

# TURBOSOCKET® SETS

The Ultimate Salvage Sockets

## GET A BETTER GRIP ON STRIPPED AND ROUNDED FASTENERS

Removing rusted, rounded, or otherwise imperfect nuts and bolts is certainly a challenge. The alternatives of grinding down the round edge, torching or drilling are time consuming and frustrating. **TURBOSOCKET®** is the original helical-teeth socket that removes the toughest stripped and rounded fasteners. Simply place **TURBOSOCKET** on the damaged fastener and start turning. The more force you apply, the more **TURBOSOCKET** grips into the fastener. That's right, it sinks its teeth in more the harder you pull. No more hammers and chisels. No more cutting torches. No more time wasted. Just **TURBOSOCKET** and move on.

### FITS ANY STYLE OF FASTENER

Nuts, bolts, studs, pipe plugs — fractional, metric, or square.

### EASY TO USE

Just place on fastener and turn. Hammering not necessary.

### TORNADO DESIGN

Grips fastener to remove with each turn.

### VERSATILE SOCKET FITS ON

Ratchet, breaker bar, or T-handle with standard 3/8" or 1/2" square drives.

### IMPACT-RATED TO WORK WITH

Air or electric wrench for extra speed and turning power.

### NO OTHER TOOLS REQUIRED

No need for hammers, chisels or cutting torches.

### AVAILABLE IN 3/8" AND 1/2" SQUARE DRIVES

#### COMMON PROBLEMS

- Rounded
- Stripped
- Corroded
- Metric or fractional
- Odd size or shape

#### APPLICATIONS

- General Maintenance
- Automotive
- HVAC
- Plumbing
- Electrical
- Marinas
- Equipment Repair

#### 5-piece Set

1/2" Drive, SAE SKU# 12507  
 Sizes (Inches): 3/4", 13/16", 7/8", 15/16", 1"

#### 7-piece Set

3/8" Drive, SAE SKU# 09328  
 Sizes (inches): 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4"

1/2" Drive, Metric SKU# 11622  
 Sizes (mm): 14, 15, 16 (5/8"), 17, 18, 19 (3/4"), 21

#### 9-piece Set

3/8" Drive, Metric SKU# 11097  
 Sizes (mm): 10, 11 (7/16"), 12, 13, 14, 15, 16 (5/8"), 17, 19 (3/4")

#### 13-piece Set

3/8" Drive, SAE & Metric SKU# 09357  
 Sizes (inches): 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4"  
 Sizes (mm): 10, 12, 13, 14, 15, 17

All TurboSocket Sets come on a Clip Rail
