A

**A. 1st Choice** | *all-natural citrus degreaser*

SIN # 375-363

The natural citrus degreaser for tough degreasing and cleaning jobs. Use on industrial machinery and construction equipment, in institutional kitchens, buses, autos and trucks. 1st Choice is great for wax removal and heavy-duty cleaning when added to mop water.

- Contains Continental's Rid-O-Grease™ Natural Citrus Formula
- Highly dilutable, saves money
- Pleasant scent
- No phosphates, no petroleum solvents, biodegradable
- Non-butyl

B

**B. Can-Do** | *spot and stain remover*

SIN # 375-341

Can-Do is a breakthrough blend of supercharged, high-potency formulas that provide the maximum stain removal power on both fabrics and hard surfaces.

- Effectively lifts stains from carpet and upholstery
- Keeps traffic lanes on carpet looking as good as new
- Wipes away dirt, grease, grime, and pen and marker inks from hard surfaces
- Dilutable with water, or use full-strength for maximum efficacy

C

**C. Cling** | *toilet bowl and urinal cleaner*

SIN # 507-4

The name says it all. Cling's thick viscous formula clings to vertical surfaces for longer cleaning time. It works under the rim to dissolve uric salts, scale and rust deposits. Simply apply, brush and flush for a clean bowl while Cling's fresh cherry blossom fragrance deodorizes the room.

- Cleans stains and eliminates odors
- Thick viscous formula clings to vertical surfaces
- Breaks the bond and eliminates unsightly stains
- Deodorizes as it cleans
- Pleasant Cherry Blossom scent
- Easy to use

D

**D. CJ Industrial** | *industrial-strength cleaner*

SIN # 375-363

Cleans with the power of acid yet gentle as dish soap! Continental Joe is a totally natural, biodegradable acid-free formula. Its non-corrosive clinging formula adheres to surfaces for longer cleaning time. With a performance equal to or surpassing that of acid-based cleaners, Continental Joe is as gentle and safe to use as dish soap.

- Can be used full strength or diluted 10:1
- Use to clean and descale boilers, hot water heaters, machinery, concrete masonry, wash bays and more
- Removes scale, rust, grease, stains and more

E

**E. CJ Multi-Surface** | *advanced acid-replacement multi-surface cleaner*

SIN # 375-363

Continental Joe is a totally natural, biodegradable acid-free formula. Its non-corrosive, clinging formula adheres to surfaces for longer cleaning time. With a performance equal to or surpassing that of acid-based cleaners, Continental Joe is as gentle and safe to use as dish soap yet requires less stringent shipping and packaging regulations.

- Safe & gentle to use – biodegradable, non-toxic and acid-free
- High performance – strong enough to remove scale, rust, and calcium deposits
- Labor saving – clinging formula provides longer cleaning time
- Labor DOT regulated – requires no special shipping requirements
- Use to clean toilet bowls, urinals, tile and grout
- Ready-to-use formula
- Removes hard water stains, calcium deposits, soap scum, lime build up, mildew stains and more

F

**F. Coil Clean Plus** | *foaming coil and fin cleaner*

SIN # 375-363

Coil Clean Plus has a powerful jet spray that eliminates the need for high pressure sprayers or bulky tank sprayers. Its foaming action flushes the soil to the surface. Coil Clean Plus loosens and removes dirt and matted material quickly and easily. No rinsing is required when applied to a functioning unit that produces moisture. Normal condensation will strip away soils and build-up, leaving coils and fins clean and deodorized.

- Increases efficiency
- Reduces electrical usage
- Provides optimum performance
- Easy to apply, rinse-free
- Non-acid, non-flammable and biodegradable

G

**G. Flash** | *paint, varnish and gasket remover gel*

SIN # 375-363

Flash is a thick gel that clings to vertical surfaces to remove paint, varnish, lacquer, enamels, acrylics, shellacs, etc. Flash is fast acting – it goes to work immediately – and is water-flushable. Simply spray it on and wipe, wash or brush away the softened finish.

- Quickly removes enamel, varnish, paint, decals, glue, epoxy, gasket cement, adhesives, water and oil based finishes, rubber, lacquer, silicone, carbon deposits, gaskets, labels, shellac, wood paneling
- Works on metal, wood, stone, tile, glass, ceramic, metal parts, concrete, engine parts, brick, paint guns, valve seals

H

**H. Graffiti-Gone** | *vandalism-removal gel*

SIN # 375-363

Graffiti-Gone's jelled formula sticks to vertical surfaces for longer contact and cleaning time. Its aerosol convenience makes it easy to use on the spot for fast removal of spray paint, ball point ink, road tar and more. Graffiti-Gone removes all marks of vandalism from bridge abutments, reflective signs, washroom walls, Formica tops, road signs, side walks, ceramic, brick, glass, marble, terrazzo, brass and many other surfaces.

- Safe for use indoors and outdoors
- Thick viscous formula clings to vertical surfaces
- Convenient aerosol formula

H

**I. Green Choice** | *non-acid virucidal cleaner*

SIN # 476-13

Green Choice cleans, disinfects and deodorizes toilets, urinals, sinks and all non-porous surfaces. Use Green Choice to control cross contamination and kill odor causing germs instantly. It effectively inhibits growth of mold and mildew on inanimate surfaces.

- Use on toilets, urinals, sinks and other non-porous surfaces
- Virucidal against Influenza Type A, Herpes Simplex Type 2 and HIV-1 (AIDS virus)
- Kills odor-causing germs

I

**J. Shine-Brite** | *one step cleaning and polishing cloths for stainless steel*

SIN # 375-363

Shine-Brite towels are a unique, one-step cleaning and polishing solution for stainless steel and other surfaces. They feature a mildly abrasive side that quickly remove soils and a smooth side that restores a brilliant shine. Shine-Brite towels also leave behind a clear, protective coating that shields stainless steel from the damaging effects of oxidation and corrosion. Can be used on a variety of surfaces, such as wood, formica, ceramic and porcelain.

- Safe and effective on a variety of surfaces
- Removes grease, grime, smudges, fingerprints, water marks, corrosion
- Leaves a clear, protective coating

J

**K. Swipe-It** | *graffiti-removing towels*

SIN # 375-363

Swipe-It is a mildly abrasive cleaning towel that combines the power of soy-based graffiti removers with super absorbency to penetrate and breakdown graffiti and lift it from surfaces. They are the one-step solution to easy cleaning and disposal. Effectively removes crayon, spray paint, tape marks, pencil, waxes, scuff marks and other permanent marks.

- Soy-based with no drying acetones
- Mildly abrasive
- Convenient self dispensing container

**To order, call 800-325-4869,  
or visit [www.crcorp.com](http://www.crcorp.com) or  
[www.gsaadvantage.com](http://www.gsaadvantage.com)**

A

**A. 1st Choice** | *all-natural citrus degreaser*

SIN # 375-363

The natural citrus degreaser for tough degreasing and cleaning jobs. Use on industrial machinery and construction equipment, in institutional kitchens, buses, autos and trucks. 1st Choice is great for wax removal and heavy-duty cleaning when added to mop water.

- Contains Continental's Rid-O-Grease™ Natural Citrus Formula
- Highly dilutable, saves money
- Pleasant scent
- No phosphates, no petroleum solvents, biodegradable
- Non-butyl

B

**B. O.J.D.** | *citrus-based gel degreaser*

SIN # 681-4

O.J.D. is a d-Limonene-based citrus degreaser that clings to all surfaces – even verticals. You get maximum contact for maximum clean. Just spray it on, let it set, then wipe or rinse it off.

Safely degreases ceramic tile, enamel, finished wood, formica, engine parts, lawn and garden equipment, linoleum, metals, plastics, porcelain, printing presses, quarry tile, rollers, tools, vinyl, garbage cans and chutes, and more.

- Made with d-Limonene to easily cut through heavy dirt and deposits
- Non-caustic, non-acid, non-corrosive
- No harmful vapors

C

**C. Peel-Away** | *heavy-duty organic aerosol solvent degreaser*

SIN # 375-363

Peel-Away is a safe, effective alternative to chlorinated solvents, because it's made with the natural citrus solvent d-Limonene. Peel-Away easily removes caked on grime, heavy grease, tar and more from most washable surfaces, including tools and equipment.

- High solvency works faster and saves labor
- Degreases and cleans machinery, tools, engine parts, walls, floors, stainless steel and more
- Citrus-fortified formula boosts grease cutting power
- Peels away heavily caked grease and grime without scrubbing
- Deodorizes with a long lasting, pleasant orange fragrance
- Safe almost anywhere – non-acid, non-caustic, non-corrosive

D

**D. Priority #1** | *industrial solvent degreaser*

SIN # 375-363

This highly concentrated solvent is perfect for cleaning industrial machinery because its non-corrosive and non-conductive (dielectric strength of 29KV). It's powerful flushing action leaves surfaces residue free and it will not damage delicate equipment.

- Non-flammable
- Non-conductive
- High solvency for removing greases, oils, adhesives, waxes, inks, tars

E

**E. Rid-O-Grease** | *all-natural, multipurpose citrus degreaser*

SIN # 375-363

Rid-O-Grease is a 100% natural solvent that emulsifies grease and organic waste to clean soiled areas, deodorize and to keep drains flowing easily. Made from citrus (oranges, lemons, limes and grapefruit), Rid-O-Grease is perfect for cleaning and preventative maintenance in grease traps, drains, septic tanks and waste water treatment. Rid-O-Grease can be used over and over again in dip tanks as sediment settles to the bottom and grease completely emulsifies, leaving Rid-O-Grease as an active solvent.

- 100% citrus power
- 100% biodegradable
- 100% organic, no petroleum or phosphates
- Does not generate heat
- Environmentally friendly – non-caustic, no harmful solvents
- Cuts and emulsifies grease
- Emulsifies organic obstruction in drains
- Controls foul odors
- Maintains drain systems, lines, and grease traps
- Aids liquification of grease, sludge, and slime in waste treatment/septic systems

F

**F. xtraMUSCLE** | *aerosol solvent degreaser*

SIN # 375-363

xtraMUSCLE has the super-strong solvent formula you would expect to find in an industrial-strength degreaser. It gets under dirt, grime and grease to clean thoroughly, and dissolves resins and adhesives to allow easy removal of excess bonding material.

- Easy-to-use spray valve for higher velocity and increased accuracy
- Non-conductive to over 45 Kv, for protection against shock
- Low odor, non-chlorinated and free of ozone depleters and carcinogens
- Fast drying

**To order, call 800-325-4869,  
or visit [www.crcorp.com](http://www.crcorp.com) or  
[www.gsaadvantage.com](http://www.gsaadvantage.com)**

**A. The Breezies** | *fragrance beads in an air-flow bag*

SIN # 507-99

The Breezies are versatile deodorizers in a unique mesh bag which allows air to flow through and effectively freshen 24 hours a day, seven days a week. One Breezie alone can last up to 30 days. Some fragrances are bold while some are mild, try mixing them to create your own unique blend. Use in HVAC vents, garbage cans, vacuum cleaners, hospital rooms, vehicles, classrooms, laundry hampers, work areas, and more.

- Long-lasting
- Cleanup is easy – just throw them away
- Work great alone or when mixed together

**B. K.O.** | *total-release odor counteractant*

SIN # 507-1

K.O. is a total release fogger that counteracts odors resulting from fires, flooding or any other disasters. Simply set the fogger overnight and return to a fresh-smelling room in the morning. K.O. does not just mask odors, its special formula actually chemically destroys odor molecules eliminating the odor permanently. Each can neutralizes and destroys odors in a 6,000 cubic foot area. K.O. is used to refresh apartments, offices, and other rental properties when preparing for new tenants, or in classrooms and assembly halls before each semester.

- 3 fresh fragrances to choose from: Mint, Spice and Very Berry
- Use as a total-release fogger, or spray in short bursts for occasional odors
- One can neutralizes odors over a 6,000 cubic foot area

**C. nodor** | *100% active natural odor eliminator*

SIN # 507-1

Nodor clears away the most stubborn odors in an instant – even skunk odor! Eliminates pungent odors caused by animals, cooking, mold and mildew, tobacco smoke, trash containers, urine, vomit and more. A patented ingredient boosts the natural odor-eliminating power of nodor to make it more effective than competitive odor fighting chemicals. Plus, the concentrated, long-lasting power makes nodor the most economical odor control available.

Available in metered spray (Fresh Orange or Spicy Cranberry scent) or hand-pump spray (Tangy Lemon-Lime, Fragrant Tropical, Fresh Orange or Spicy Cranberry scent).

**D. Pure Fusion** | *continuous odor control system*

SIN # 507-1

Utilizing its patented fluid delivery system, Pure Fusion delivers a continuous dosage of fragrance oils for 60 days – without the use of batteries. Pure Fusion is environmentally friendly, contains no propellants or added VOCs and is made of recyclable components. Conventional systems lose their fragrance intensity over the life of the refill but Pure Fusion remains constant.

Traditional air fresheners only camouflage malodors. Pure Fusion has been engineered to do the complete job. Pure Fusion contains Microtrans<sup>®</sup> blend chemistry to lock onto malodor molecules and transform them into a neutral base that eliminates unavoidable odors.

Available in four fragrances: Ocean Blue, Sunny Citrus, Spiced Apple and Clean & Crisp.

A

**A. 4CQ Plus** | *four-chain quarternary disinfectant*

SIN # 476-13

4CQ Plus is our best product for disinfecting, cleaning, and deodorizing. The advanced quad quat technology provides effective disinfection against the hospital trio: HIV-1 (AIDS), Influenza A2 and Herpes Simplex I & II. Use on hard, non-porous surfaces, such as floors, walls, metal, stainless steel, porcelain, ceramic tile, and plastic. 4CQ Plus is effective against bacteria, such as Salmonella, Pseudomonas, Staphylococcus, Bordetella, E-coli, Listeria, and MRSA, as well as virucidal against Influenza A2, Herpes Simplex Type 1, Adenovirus Type 2, HIV-1 AIDS Virus, and the Hepatitis C Virus.

- Combined cleaner, detergent, deodorizer, mildewstat, disinfectant, fungicide and virucide
- Reduces risk of infection
- High dilution ratio
- Neutral pH in dilution
- Pleasant fragrance

B

**B. Citra-Guard** | *citrus disinfectant and cleaner*

SIN # 476-13

When cleaned with Citra-Guard, surfaces become germ and virus free. Citra-Guard is formulated with wetting agents that allow deep penetration into pores, scratches, cracks and the natural peaks and valleys of hard surfaces.

Citra-Guard is EPA registered for use in hospitals, nursing homes, restrooms, food and meat processing plants (non-food processing areas), veterinary clinics, industrial areas, schools, YMCA's, and health clubs. It is effective against MRSA, Herpes Simplex Type 2, Salmonella, Influenza, Streptococcus, Staphylococcus, Aureus, Pseudomonas, Aeruginosa, mildew and more.

Use as a deodorizer in garbage cans, garbage trucks, industrial waste receptacles, and other non-food contact surfaces.

- Penetrates deep into surface imperfections to clean and disinfect deep-down
- Effective against a wide variety of bacteria and viral agents
- Deodorizes with a fresh lemon scent

C

**C. Green Choice** | *non-acid virucidal cleaner*

SIN # 476-13

Green Choice cleans, disinfects and deodorizes toilets, urinals, sinks and all non-porous surfaces. Use Green Choice to control cross contamination and kill odor causing germs instantly. It effectively inhibits growth of mold and mildew on inanimate surfaces.

- Use on toilets, urinals, sinks and other non-porous surfaces
- Virucidal against Influenza Type A, Herpes Simplex Type 2, HIV-1 (AIDS virus) and MRSA
- Kills odor-causing germs

D

**D. O.D.S.** | *orange phenolic disinfectant spray*

SIN # 476-13

O.D.S. is a hospital-strength phenolic disinfectant aerosol spray that works fast to kill the germs that cause flu, pneumonia, staph infections, tuberculosis, strep throat, cold sores, food poisoning, eye infections, digestive disorders and skin infections. O.D.S. also eliminates malodors caused by organic waste, diseased tissue, trash receptacles, stale air, smoke, mildew and many other odors.

O.D.S.'s phenolic power kills HIV-1 (AIDS virus), MRSA, Herpes Simplex Virus (Types 1 and 2), Influenza A2 (Hong Kong Virus), Tuberculosis, Staphylococcus, Pseudomonas, mildew, fungus, and more.

- Effective against a wide range of bacteria and viral agents
- Eliminates odors, leaves a fresh citrus fragrance
- Safe and easy to use wherever effective disinfecting is necessary

E

**E. Simply Easy** | *no-rinse sanitizer*

SIN # 507-8

Simply Easy is specially formulated to be the most effective deodorizing sanitizer available and is 99.9% effective at eliminating *Staphylococcus aureus* and *Klebsiella pneumoniae* in 60 seconds. It kills germs on hard, non-porous surfaces, and its no-rinse formula makes it simply the easiest way to clean, sanitize and deodorize anywhere.

- Eliminates 99% of *Staphylococcus aureus* & *Klebsiella Pneumoniae* in 60 seconds
- No-rinse formula
- Kills germs on hard surfaces
- Deodorizes as it cleans and sanitizes

F

**F. Triple Play** | *total-release disinfectant, sanitizer and deodorizer*

SIN # 507-2

Triple Play is a total release fogger that treats up to 6,000 cubic feet of space and has a wide variety of kill claims. Triple Play deodorizes in two ways: its pleasant fragrance quickly suppresses existing unpleasant odors from many sources, and it controls microorganisms that could continue to create foul odors.

- Virucidal, tuberculocidal, staphylocidal, bactericidal, pseudomonicidal and fungicidal
- Hospital-use disinfectant and antimicrobial agent
- Kills MRSA, HIV-1 (AIDS virus), E-coli, Herpes Simplex 1 & 2, and much more
- Sanitizes fabric, shoes, leather, mats and equipment
- Controls mold and mildew

**To order, call 800-325-4869,  
or visit [www.crcorp.com](http://www.crcorp.com) or  
[www.gsaadvantage.com](http://www.gsaadvantage.com)**

A

**A. Action** | *live liquid bacteria*

SIN # 507-4

Action's bio-enzymatic formula digests and eliminates organic waste and destroys malodors at the source. Action's enzymes work as digesters to break down grease, oils, fats, solid waste and paper while its high concentration of live bacteria degrades waste rapidly. Combined they restore the natural biological activity in drain lines, grease traps, and septic tanks. Regular use of Action can help prevent costly plumbing repairs. Action can be metered into lines for maximum efficiency.

- Neutralizes odors biologically
- Cleans and sanitizes hard surfaces
- Breaks down grease, oil and biological matter in drains, grease traps and septic tanks

B

**B. Drain Shark** | *biologically-enhanced drain fly treatment*

SIN # 507-4

Drain Shark is a unique microbial formula that literally eats away the organic breeding grounds where drain flies, sewer flies, fruit flies, gnats, and other common drain-dwelling pests live. Drain Shark's thick gel coats the pipe with non-pathogenic aerobic and anaerobic strains of bacteria that multiply as they digest the organic material – eliminating their food source and egg-laying environment.

- Natural defense, works without insecticides or poisons
- Thick gel ensures total coverage
- Won't damage plastic or metal plumbing
- Safe for food environments – certified Salmonella free

C

**C. ND/365** | *night and day bacterial dosage system*

SIN # 507-4

Specially formulated for grease traps, ND/365's advanced technology grease eating bacteria and automated pump do the work for you. Its special non-pathogenic, salmonella free bacteria is heavily fortified to consume cooking oils, fats, grease, soap, detergents, and sludge. The ND/365 Dosaging Pump dispenses ND/365 bacteria into grease traps 24/7 year round to keep them free flowing.

Each ND/365 Starter Kit includes: 6, 1 lb bags of ND/365 bacteria in water soluble bags, ND/365 Dosaging Pump, Bucket, Power Cord & Hose.

ND/365 Bacteria Dosage System is used by kitchen and food service operations in schools, country clubs, nursing homes, hospitals, restaurants, hotels, and more.

D

**D. Rid-O-Grease** | *all-natural, multipurpose citrus degreaser*

SIN # 375-363

Rid-O-Grease is a 100% natural solvent that emulsifies grease and organic waste to clean soiled areas, deodorize and to keep drains flowing easily. Made from citrus (oranges, lemons, limes and grapefruit), Rid-O-Grease is perfect for cleaning and preventative maintenance in grease traps, drains, septic tanks and waste water treatment. Rid-O-Grease can be used over and over again in dip tanks as sediment settles to the bottom and grease completely emulsifies, leaving Rid-O-Grease as an active solvent.

- 100% citrus power
- 100% biodegradable
- 100% organic, no petroleum or phosphates
- Environmentally friendly – non-caustic, no harmful solvents
- Cuts and emulsifies grease
- Emulsifies organic obstruction in drains
- Aids liquification of grease, sludge, and slime in waste treatment/septic systems
- Controls foul odors
- Maintains drain systems, lines, and grease traps

E

**E. Super Trap** | *non-acid drain opener and maintainer*

SIN # 507-4

Regular use of drains and pipes cause organic matter and other substances like grease to accumulate on the inside of pipe walls. Super Trap is concentrated and contains more active ingredients to power through standing water and clear tough clogs and slow drains. Use every day to keep drains free flowing, or as needed to clear clogged drains overnight.

- Won't harm pipe, plumbing, fixtures or rubber seals
- Works well in disposals and x-ray film processing lines
- Dissolves grease, hair, rags, starches, fats, oil, and organic waste
- Contains no bleach
- Non-acid and non-fuming
- Ready to use

F

**F. T.L.C. and T.L.C. Jr.** | *total line care for water disposal systems*

SIN # 658-1

T.L.C.'s ready-to-use certified non-pathogenic bacterial formulation is specifically designed to reduce fats, oils, greases, vegetable wastes, tissue and hair. It doubles in bacterial count every 20 minutes. That's over 1 trillion organisms an hour. The single-dose packaging takes the guesswork out of maintaining grease traps, septic tank, and drain lines.

T.L.C. 2-ounce bag treats grease traps, septic tanks, lift stations, man holes, and other large waste collection systems. Each dose contains 340,000,000,000 selectively adapted non-pathogenic bacterial organisms.

T.L.C. Jr 1-ounce bag treats toilets, urinals, floor drains in kitchens and laundry facilities.

[www.gsaadvantage.com](http://www.gsaadvantage.com)**

A

**A. 4CQ Plus** | *four-chain quarternary disinfectant*

SIN # 476-13

4CQ Plus is our best product for disinfecting, cleaning, and deodorizing. The advanced quad quat technology provides effective disinfection against the hospital trio: HIV-1 (AIDS), Influenza A2 and Herpes Simplex I & II. Use on hard, non-porous surfaces, such as floors, walls, metal, stainless steel, porcelain, ceramic tile, and plastic. 4CQ Plus is effective against bacteria, such as Salmonella, Pseudomonas, Staphylococcus, Bordetella, E-coli, Listeria, and MRSA, as well as virucidal against Influenza A2, Herpes Simplex Type 1, Adenovirus Type 2, HIV-1 AIDS Virus, and the Hepatitis C Virus.

- Combined cleaner, detergent, deodorizer, mildewstat, disinfectant, fungicide and virucide
- Reduces risk of infection
- High dilution ratio, neutral pH in dilution
- Pleasant fragrance

B

**B. Can-Do** | *spot and stain remover*

SIN # 375-341

Can-Do is a breakthrough blend of supercharged, high-potency formulas that provide the maximum stain removal power on both fabrics and hard surfaces.

- Effectively lifts stains from carpet and upholstery
- Keeps traffic lanes on carpet looking as good as new
- Wipes away dirt, grease, grime, and pen and marker inks from hard surfaces
- Dilutable with water, or use full-strength for maximum efficacy

C

**C. Final Strip** | *chemoscopic floor stripper*

SIN # 375-341

Final Strip is a revolutionary hard surface stripper that lifts away all types of floor finishes in one easy process. Final Strip breaks the bond between the old floor finish and the surface to which it was applied. Final Strip will remove multiple layers of finish in one application which saves time and labor.

- Chemoscopic action lifts finish from floor without breaking it up for easy removal without machine scrubbing
- Low foaming action, can be applied with automatic scrubber
- Will remove multiple layers of floor finish in one easy application
- Requires only 5 to 10 minutes setting time before agitation

D

**D. Foothold** | *super-concentrated, bio-active enzyme floor cleaner*

SIN # 375-341

Foothold is a revolutionary cleaner that combines a powerful blend of bioactive enzymes and grease solubilizers for safer, odor-free floors. When used as a daily floor cleaner, the bioactive enzymes and grease solubilizers penetrate the pores of the tile and grout and eat away at grease, oils and other organic material build-up. Foothold's rinse-free formula reduces labor and saves time – simply wash and let dry. Designed for use on quarry tile, grout, ceramic tile, terrazzo, marble and concrete.

- Improves traction
- Brightens grout
- Eliminates odors
- Digests grease
- Rinse-free

E

**E. Summit** | *polymer-metal interlock finish with 18% solids*

SIN # 375-341

Summit is a remarkably durable floor finish with an exceptional high gloss that, when applied properly will produce a deep wet look gloss with minimal maintenance. Because Summit is resin-free and only contains high tech polymers, it won't yellow even in your high traffic and trouble areas. Summit responds well to high speed buffing and burnishing. Properly maintained floors can last multiple years between complete stripping.

- Super durable wet-look finish – brilliant, deep gloss
- Easily maintains “wet look” with regular buffing and restoring
- Dries in as little as 20 minutes
- Non-yellowing durability – with regular mopping and restoring will last approximately 2 to 3 years
- Fewer coats gets the job done

# Grounds Care

A

**A. Double 6** | *soil sterilant and vegetation eradicator*

SIN # 507-99

Double 6 is a super strength soil sterilant & weed killer that effectively keeps streets, sidewalks and fencelines vegetation free. Vegetation control is an essential and time consuming responsibility; and with Double 6, vegetation control needs to be done once a year – saving time, labor and money. Double 6 is the strongest and longest lasting vegetation killer you'll ever need.

- *One application per year:* Double 6 contains a high potency, highly residual additive ensuring that you do the job only once a season. (Control may last up to 3 seasons, depending on rainfall).
- *Special drift reducers:* Ensure vegetation is killed and soil sterilized only where you want it. Double 6 meets all current and advanced requirements of the EPA, for your protection.
- *3-way kill:* Works 3 ways to ensure total vegetation control:
  1. Absorbed through leaves – Around buildings, under fences, street cracks, sidewalks, around fire hydrants, drainage ditches, under bleachers.
  2. Absorbed through stalks – Bridge abutments, around signs, parking lots, culverts, embankments, school tracks.
  3. Absorbed through roots – Apply any time of year to kill all types of weeds and grasses.

B

**B. WSA-6** | *water-soluble soil sterilant*

SIN # 507-99

WSA-6 is the most effective water-soluble total vegetation killer available for use by municipalities, industry and institutions. With its wide variety of dilution rates, WSA-6 is not only economical, but is also extremely effective for long-lasting soil sterilization.

- Controls annual weeds and grasses, as well as undesirable woody plants
- Works through the root system as an all-purpose vegetation killer
- Versatile – can be diluted at different rates depending on the situation
- Effective brush killer in concentrated form
- Can be used at any time of the year, except when ground is frozen
- Long lasting soil sterilization – in many cases can last two years or more

A

**A. C.I.A.** | *complete insect annihilator*

SIN # 507-99

C.I.A. is dual-purpose, extremely versatile broad spectrum insecticide, capable of controlling both crawling and flying insects in commercial, industrial, agricultural and residential environments. C.I.A. contains a water-based combination of natural and synthetic pyrethrins to provide flushing action and a fast knockdown. C.I.A.'s exceptional performance and up to 3-month residual activity is perfect for space spraying, crack/crevice spraying and wide area treatment.

One spray of C.I.A. kills ants, bees, beetles, centipedes, cockroaches, crickets, earwigs, fleas, millipedes, moths, pillbugs, scorpions, silverfish, sowbugs, spiders, ticks, wasps and more.

- Water-based formula – safe, effective and environmentally friendly
- Drives out hidden bugs and kills them fast
- Remains effective up to three months after application
- Dual action mist/stream spray

B

**B. Guard Pump Spray** | *personal insect repellent with DEET*

SIN # 507-99

Your best “guard” against insect bites that can cause West Nile Virus, Lyme Disease, Encephalitis and more. Guard is formulated with DEET to provide the maximum amount of protection available to repel mosquitoes, biting flies, chiggers, ticks, deer flies, stable flies, black flies, gnats and fleas on exposed skin surfaces like the face and neck. Available in convenient pump or aerosol sprays, Guard is easily accessible at all times.

- Non-VOC formula with 25% DEET
- Repels biting insects up to 4 hours
- Pump allows for quick application and maximum protection
- Convenient 4 ounce bottle stores anywhere quickly and easily
- No strong odor or sticky residue

C

**C. Wasp Away-NG** | *wasp and hornet killer*

SIN # 507-99

If you've got a wasp or hornet problem, Wasp Away-NG is your go-to product. Its powerful jet spray reaches up to 20 feet and kills instantly. Whether you're on a ladder or repairing power lines, if you come across an angry nest, you're going to want to have a can of this handy.

- Non-conductive up to 47,300 volts
- Powerful 20-foot stream
- Formulated to penetrate nests, cracks and crevices
- Kills with residual action as wasps and hornets return to their nest
- Can be used both indoors and outdoors on wasp and hornet nests
- EPA registered

**A. Creeper Lube** | *clear penetrating lubricant gel*

SIN # 834-900

Creeper Lube is a Teflon® fortified, high pressure clear lubricant that has been specially formulated to penetrate the tightest joints and spaces before setting up as a tacky, high impact grease. Creeper Lube quickly penetrates to effectively lubricate and then adheres to and protects treated surfaces between applications. Use Creeper Lube on cables, chains, hinges, joints, overhead doors, sprockets, and any metal parts where long term lubrication is needed.

- Dispenses as a penetrating oil with capillary action
- Quickly penetrates to where lubrication is needed
- Sets up as sticky, high pressure, high impact grease that protects and lubricates treated areas

**B. Moly Coat** | *anti-seize, dry film lubricant and coating*

SIN # 681-4

Moly Coat is a dry film aerosol lubricant with pure Molybdenum Disulfide micro-particles that prevent friction and wear, improving operating efficiency and reducing maintenance costs. Moly Coat stops corrosion, seizing, galling, sticking, scraping and other friction issues that occur in high pressure, load-bearing applications.

- Applies dry – tack free and oil free
- Repels dust and dirt
- Plates out – fills microscopic voids in metal for long-lasting lubrication and protection
- No sling off, throw off or wash out
- Endures temperatures from -110°F to +1050°F
- Effective at pressures up to 100,000 psi
- Adheres to metals, rubber, glass, fiberglass and most plastics

**C. Numb Nutz** | *penetrating lubricant and rust buster*

SIN # 684-1

Numb Nutz is the ultimate penetrating lubricant, combining rapid freezing action with advanced rust eating XA-17™ technology. Sprayed parts actually shrink, quickly breaking open micro-fine fissures and allowing the lubricant to penetrate even the toughest rust. Numb Nutz's advanced rust eating formula then dissolves and converts any rust, making future maintenance easier.

- Freezing action shrinks metal & breaks open the fine fissures to release seized bolts & parts
- Penetrates the toughest rust
- Non-conductive up to 33,000 volts
- Saves time & avoids costly re-work

**D. PF 510** | *non-flammable penetrating oil*

SIN # 834-900

This heavy duty penetrant can be used where ordinary penetrants fail. PF-510 combines powerful rust penetrants with capillary action lubricants to quickly loosen frozen nuts, bolts and other metal parts. It lubricates to reduce friction and wear and leaves behind a thin, protective, easily removable film that prevents further rust and corrosion. PF-510 will reduce down time and labor cost.

- Non-Flammable – Not ignitable by spark or flame. Ability to go where most penetrants can't
- Excellent Penetration – Immediately cuts through rust, corrosion and dirt to free up seized bolts, fittings and metal parts
- Great Lubrication – Keeps parts moving smoothly & quickly. Extends the life of parts
- High Dielectric Strength – Voltage rating up to 20,000 kV
- Moisture Displacement – PF-510 displaces water and moisture from moving parts that are usually prone to rust and corrosion, and helps prevent breakage of frozen parts

E

**E. Red-Spec** | *extra-high temperature, multipurpose grease*

SIN # 658-1

Red-Spec is an all-purpose non-melt grease specially formulated with extreme pressure and anti-wear additives to provide heavy duty service. It is one of very few greases able to withstand heavy shock load and impact pressures of 65 Timken load. Red-Spec has excellent adhesive and cohesive properties. It resists most acids, weather, dirt, salt spray, steam and oxidation.

- Will not liquefy or thin out due to heat from friction or conduction
- Will not “pound out” or “fling off”
- Adheres and stays wherever it is applied, retaining its adhesiveness, tackiness and cohesiveness
- Outlasts commercial greases by 4 to 5 times
- Will prevent metal parts from corroding & shields corroded parts from deterioration
- Will withstand most severe conditions created by man or the environment

F

**F. Tefla-Pent** | *penetrating lubricant with Teflon®*

SIN # 834-900

Tefla-Pent lubricates metal surfaces as it cleans and removes rust and other corrosive deposits. Tefla-Pent is a superior penetrant for freeing parts frozen by rust, gum, paint, corrosion, scale and carbon. Non-conductive up to 21,600 volts. Tefla-Pent is non-chlorinated, non-flammable and non-carcinogenic and it helps keep equipment running longer reducing costly breakdowns.

- Penetrates quickly through rust and scale to loosen parts frozen by corrosion: nuts, bolts, joints, couplings, and pipe threads.
- Lubricates parts to ensure free and easy movement and leaves surfaces coated with a water resistant, non-drying film that inhibits future rust and corrosion. Contains Teflon for long lasting lubrication.
- Protects parts by creating a non-drying film that seals out atmospheric corrosion.
- Displaces moisture and creates a water proof film that helps dry out electrical equipment and prevents electrical discharge.

Contract GS-07F-0369T

**To order, call 800-325-4869,  
or visit [www.crcorp.com](http://www.crcorp.com) or  
[www.gsaadvantage.com](http://www.gsaadvantage.com)**

**A. Patch-15** | 15-minute concrete patch

SIN # 507-99

Designed for repairing peak traffic areas, Patch-15 is the ideal product to repair chuckholes, divots and cracks where time is of the essence. Patch-15 sets up in 15 minutes and features exceptional compressive strength – it’s actually stronger than concrete. It can be used in below freezing temperatures and does not shrink once it cures – making it a one-time application.

Great for use on bridges, casements, freezer rooms, driveways, ramps, floors, walls, stairs, truck docks, road maintenance, sidewalks and more.

- Repairs chuckholes, divots and cracks on bridges, casements and more
- Sets up in 15 minutes
- Can be used in below-freezing temperatures
- Exceptional compressive strength, stronger than concrete
- One-time application, does not shrink after curing

**B. Patch 365** | ready-to-use, pourable asphalt patch

SIN # 507-99

Potholes and other deterioration can happen quickly and spread rapidly. Stop destruction in its tracks with Patch 365 All-Weather Pavement Repair. Because there’s no mixing or heating, Patch 365 All-Weather Pavement Repair is the easy way to patch pavement right.

Patch 365 All-Weather Pavement Repair is a ready-to-use premium mixture of blended asphalts, aggregates, resins and additives for repairing potholes and large cracks in blacktop and concrete. Its specialized formula can be used in any kind of weather and will remain intact for good.

- All-weather formula, from subzero temperatures to intense summer heat, from rain to snow
- Bonds quickly and effectively to wet and dry surfaces
- Opens to traffic immediately after being compacted
- Longer life than conventional blacktop for long-lasting protection
- Pre-mixed and ready to use directly from the container
- Each kit covers approximately 20 square feet to 1/2" deep

**C. Rust Arrest** | aerosol rust convertor and inert protective coating

SIN # 507-99

Rust Arrest halts residual rust in its tracks and converts it into a black protective polymeric coating with one simple spray. This protective coating is suitable to be used as a primer coat on rusted metals or previously painted surfaces as well as preventing further rusting and corrosion by sealing the affected area.

- Converts rusted surface to a black protective polymeric coating
- Actively converts rust to a durable moisture resistant coating that serves as a primer coat on rusted metal or previously painted surfaces
- Eliminates the need for scraping, sandblasting, priming and grinding
- Aerosol is easy to use and apply, great for touch ups or hard to reach places

D

**D. Superflex** | *heavy-duty black rubberized coating*

SIN # 507-99

Superflex is an industrial strength, long lasting sealant that protects against moisture, corrosion and rust for years. Superflex bonds to most surfaces (including copper, aluminum, steel, PVC, plastics and wood), and dries fast (to the touch in 1-2 hours). Use as a crack sealer on concrete and asphalt driveways, gutters and flashing, roof patching, cooling towers, condensate pans, ductwork, tanks, weld joints, tree wounds, planters, wooden posts and more.

- Dries fast – dry to the touch in 1-2 hours, ready for use in under 3 hours
- Prevents rust and corrosion
- Deadens sounds and road noises in vehicles, equipment and machinery
- Bonds to most surfaces
- Seals and heals tree wounds and pruning stabs
- UV-resistant – stays flexible and won't dry out
- Paintable – can be top-coated with solvent-based enamels
- Easy to use, just aim and spray

E

**E. Super Seal** | *rapid-curing instant leak sealer*

SIN # 507-99

Super Seal Rapid Curing Leak Sealer is the instant leak sealer that's designed for industrial use. Its multi-purpose formula works instantly to seal leaks and cracks in metal, wood, plastic, brass, bronze, tile, fiberglass and painted surfaces, providing up to three years of protection.

Super Seal also waterproofs and weatherproofs, withstanding temperature extremes of -30°F to 200°F, without cracking or peeling and will not become dry or brittle due to sun exposure. Super Seal dries fast and remains flexible, making it the ideal quick-fix, yet durable repair choice for many professionals.

Super Seal may be applied under wet conditions to stop leaks as they occur. One coat covers approximately 300 square feet, and the elastomer coating remains flexible after drying – moving to accommodate substrate movement, including shifting, expansion and contraction. Once cured, Super Seal stops rust and corrosion from spreading, and also stops mold and mildew growth, especially when used on drywall under sinks and around windows.

- Stops leaks fast
- Adheres to any surface
- Excellent temperature and UV resistance
- Anti-fungal formula
- Stretches up to 500%
- Prevents rust and corrosion

**A. Handy Dandy** | *hand cleaner and barrier cream*

SIN # 507-99

Hands that go unprotected against soils day after day can become stained, discolored or leathery to the touch. Handy Dandy is the simple solution to cleaner and easier to wash hands. Handy Dandy can be used as a barrier cream to protect hands from actual contact with soils or as a hand cleaner that gets down to the source to rinse away soils quickly and easily.

- Protects hands from actual contact with soils
- Hands get clean faster and easier
- Hands are resistant to cross contamination
- Hands look and feel cleaner and softer
- Does not contain ammonia or skin drying solvents

**B. Little Buddy in a Little Tubby** | *premium hand sanitizing towelettes*

SIN # 375-363

Little Buddy in a Little Tubby is a one-step system that combines both an abrasive non-scratching wipe and a highly effective skin sanitizing formula. Little Buddy in a Little Tubby dissolves contaminated biofilm and kills, absorbs and removes disease causing germs and bacteria with one simple wipe of a towelette. Little Buddy in a Little Tubby contains a highly effective, moisturizing, antimicrobial formula that assures a rapid kill.

- Pre-moistened premium, cloth-like wipes
- A fast, easy way to sanitize hands and eliminate germs
- Requires no water

**C. Rid-O-Grime Towels** | *hand cleaning towels with Rid-O-Grease*

SIN # 375-363

We've taken the power of our waterless hand cleaner and put it in the convenience of a towel for on-the-spot hand cleaning away from the sink. Rid-O-Grime Towels combine an all-natural citrus cleaner with a mildly abrasive scrubbing towel. Hands get clean without soap and water, and feel moisturized – not dry or sticky. Tough on dirt but gentle on skin, Rid-O-Grime Towels cut through grease, oils, adhesives, tar, paint, caulk as well as removing solvent odors from hands.

- Tough, yet gentle – deep cleaning formula is perfect for anyone working where cleanliness and sanitation are priorities, including around food or waste disposal
- Economical – reduces paper towel use and laundry costs of cloth towels
- Practical – less time wasted on trips to the washroom
- Convenient Packaging – ideal for travel and on-site work
- Dual-Texture – locks in dirt; won't transfer soils back onto hands

**D. Poly-Shine** | *polymer-fortified, one-step wash and polish*

SIN # 375-391

Poly-Shine is not a wax but a technology similar to floor finish that puts a hard, shiny thermoplastic polymer finish on top of your vehicles. Poly-Shine lasts far longer than similar products with old fashioned wax. Bugs & road film wash off faster & easier!

Poly-Shine is specially formulated to work on all types of clear coat finishes, including fiberglass. First Poly-Shine cleans off road film and then its polymers begin to set up and cure on the surface. Poly-Shine will dry streakless and spotless simply by air drying in the shade.

- Fewer window streaks
- Water beads up better
- Virtually no spotting on surfaces

**E. Priority #1** | *industrial solvent*

SIN # 375-363

This highly concentrated solvent is perfect for cleaning industrial machinery because its non-corrosive and non-conductive (dielectric strength of 29KV). It's powerful flushing action leaves surfaces residue free and it will not damage delicate equipment.

- Non-flammable
- Non-conductive
- High solvency for removing greases, oils, adhesives, waxes, inks, tars

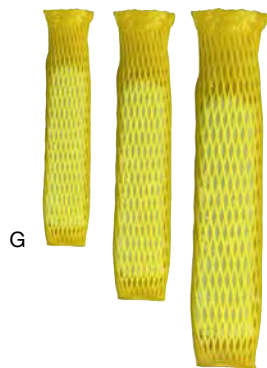

**F. xtraMUSCLE** | *aerosol solvent degreaser*

SIN # 375-363

xtraMUSCLE has the super-strong solvent formula you would expect to find in an industrial-strength degreaser. It gets under dirt, grime and grease to clean thoroughly, and dissolves resins and adhesives to allow easy removal of excess bonding material.

- Easy-to-use spray valve for higher velocity and increased accuracy
- Non-conductive to over 45 Kv, for protection against shock
- Low odor, non-chlorinated and free of ozone depleters and carcinogens
- Fast drying

**G. Net Result** | *air conditioning drain pan slime preventative*

SIN # 375-363

Net Result produces a continuous release of an active ingredient that controls the fouling and inhibits the growth of slime forming and odor causing bacteria. Net Result's constant dose of microbicide, odor neutralizers, corrosion and scale inhibitors assures you around-the-clock results.

Use Net Result with commercial and industrial A/C drip pans, computer room equipment, refrigerated vending machines, swamp coolers, display cases and cold storage walk-ins.

- Provides effective control of Legionnaires Disease
- Unique net packaging shows how much product remains
- pH 7-Neutral, non-corrosive to metallic surfaces
- Designed for flat placement in hard-to-reach condensation pans
- Contains no foam-causing detergent, so it will not clog
- Keeps drains and pans clear for approximately 3-4 months
- Protects pan and piping against corrosive buildup, odor and slime

A

**A. Di-Solv** | *heavy-duty solvent degreaser*

SIN # 375-363

Formulated to emulsify grease, oil, slime, and scum cakes that form in digesters, settling tanks and clarifiers. Di-Solv can be dripped into the influent, wet wells and lift station. It may also be sprayed around the side walls to dissolve grease and scum build up.

Di-Solv contains no phosphates, no quaternary compounds, chlorinated solvent, free alkali or acids. It is harmless to sewage digestion process and will not inhibit digestion or affect BOD. Use in digesters, wet wells, sewer lines, lift stations, primary tanks, and secondary tanks.

- Keeps lift stations operating properly
- Reduces grease and scum problems throughout plant
- Reduces foam problems
- Non-freezing

B

**B. Rid-O-Grease** | *all-natural, multipurpose citrus degreaser*

SIN # 375-363

Rid-O-Grease is a 100% natural solvent that emulsifies grease and organic waste to clean soiled areas, deodorize and to keep drains flowing easily. Made from citrus (oranges, lemons, limes and grapefruit), Rid-O-Grease is perfect for cleaning and preventative maintenance in grease traps, drains, septic tanks and waste water treatment. Rid-O-Grease can be used over and over again in dip tanks as sediment settles to the bottom and grease completely emulsifies, leaving Rid-O-Grease as an active solvent.

- 100% citrus power
- 100% biodegradable
- 100% organic, no petroleum or phosphates
- Does not generate heat
- Environmentally friendly – non-caustic, no harmful solvents
- Cuts and emulsifies grease
- Emulsifies organic obstruction in drains
- Controls foul odors
- Maintains drain systems, lines, and grease traps
- Aids liquification of grease, sludge, and slime in waste treatment/septic systems

A

**A. Liquid Melt-Away** | *liquid ice melter*

SIN # 681-1

Liquid Melt-Away is an ice and snow melter that helps prevent freezing on walks, intersections, bridges, ramps, driveways, culverts, steps, loading docks and more. Because it can be mixed with sand and salt, Liquid Melt-Away provides an extremely economical form of snow and ice removal. When mixed with salt, Liquid Melt-Away makes salt effective at substantially lower temperatures. Liquid Melt-Away also keeps salt from sticking together and clumping, for easier spreading.

- Contains rust inhibitors to reduce the rusting of vehicles, truck beds, metal buildings, etc.
- Can either be sprayed or poured
- Harmless to concrete and leaves no white residue
- Can be used by sewage plants because it contains no harsh heat generating chemicals
- Fast chemical action – generates no heat
- Non-corrosive

B

**B. Melt-Away De-Icer** | *de-icing spray for windshields, locks and mirrors*

SIN # 681-1

Melt-Away De-Icer quickly thaws ice, frost and snow on all critical areas where they accumulate. It's a non-smearing, high volume spray for quick and easy application. When used in advance, Melt-Away De-Icer helps prevent ice from forming on surfaces. Use Melt-Away De-Icer on windshields and windows, locks, mirrors, handrails, headlights, equipment, vehicles, and any area where ice and snow accumulate.

- Increases visibility and makes driving safer
- Will not harm enamel paints, chrome, rubber or concrete
- Extended tube pinpoints small areas such as frozen locks
- Works fast

## BULK PRODUCTS

### A. Citizen Green EFP Industrial Degreaser | *heavy-duty degreaser*

SIN # 375-363

Citizen Green EFP™ Industrial Degreaser is made with biodegradable, non-volatile ingredients, and provides damage free cleaning of even the heaviest oils and toughest stains without the worry of harmful chemicals. Used full-strength, it is powerful enough to remove tough grease, oil and grime on equipment, machinery and vehicles. When diluted, it can be used for light-duty cleaning of soap scum, wax, food stains and dirt.

- Cleans and degreases in one easy step
- Ready to use for heavy duty cleaning, easily diluted for medium to light duty cleaning
- Safe to use on most hard surfaces
- Low aquatic toxicity
- No abrasives, no harsh solvents, no caustic alkalis

### B. Citizen Green EFP Floor Finish | *high-gloss, safe-for-the-environment finish*

SIN # 375-341

Unique polymer technology delivers a "wet look" shine initially and when buffed at any speed offers high durability and increased gloss retention. The non-zinc, self-crosslinking chemistry is responsible for its excellent detergent resistance, low odor and rapid cure.

- High initial gloss
- Buffable at all speeds
- Non-toxic, environmentally-friendly
- Highly durable

### C. Citizen Green EFP Floor Stripper | *safe, effective wax & finish remover*

SIN # 375-341

Is a fast, effective, environmentally responsible finish and wax remover that is effective against all types of floor finish. Simply apply and remove by mop, wet vac or automatic scrubber.

- Quickly and completely removes all finishes
- Powerful, concentrated formula
- Non-toxic, biodegradable

**D. Citizen Green EFP Glass Cleaner** | *concentrated glass and surface cleaner*

SIN # 375-363

Citizen Green EFP™ Glass Cleaner is a non-streaking, concentrated, institutional formula, heavy duty glass cleaner/light duty multi-purpose cleaner. Contains demineralized water, state-of-the-art surfactants and wetting agents that “wick” into the cleaning cloth and evaporate completely to leave a non-streak, squeaky clean surface that does not attract dust and dirt. Effectively removes fingerprints, smoke film, grease and other soils.

- Concentrated
- Non-streaking
- Non-toxic, biodegradable
- Non-corrosive, non-flammable

**E. Citizen Green EFP Bathroom Cleaner** | *safe-for-the-environment cleaner*

SIN # 375-363

Citizen Green EFP™ Bathroom Cleaner is a mild, all purpose bowl and restroom cleaner that combines detergent and wetting agents. It eliminates rust, lime organic deposits, and offensive odors from shower stalls, toilet bowls, glazed tile, porcelain enamel, wash basins, drinking fountains, bathtubs and urinals.

- Cleans bowls, urinals & other fixtures
- Non-toxic, biodegradable
- Non-corrosive, non-flammable

**F. Citizen Green EFP Hard Surface Cleaner** | *environmentally-friendly cleaner*

SIN # 375-363

Citizen Green EFP™ Hard Surface Cleaner can be used on any water washable surface, eliminating the use of several products. It is concentrated for economy, yet effective in the hardest water conditions. It contains natural orange solvents, special detergents, penetrating and soil lifting agents, as well as special ingredients to prevent soils from redepositing on surfaces for rinse free cleaning. Can be applied by mop, spray, pressure washer or automatic scrubber in industrial, institutional, commercial and food service areas.

- Non-toxic, biodegradable
- Non-corrosive
- Non-flammable

**G. Citizen Green EFP Hard Surface Degreaser/Cleaner** | *safe, heavy-duty cleaner*

SIN # 375-363

Citizen Green EFP™ Hard Surface Degreaser & Cleaner is a superior cleaner that uses the power of hydrogen peroxide to lift away dirt and grime. It is easy to use — just spray on and wipe away. Ideal for one-pass cleaning on all types of stainless steel, oven hoods, fiberglass, plastic, rubber, glass, appliances, countertops and Formica®. Can be used on any water washable surface, eliminating the use of several products. It is concentrated for economy, yet effective in the hardest water conditions. Effectively removes black heelmarks on floors and baseboards, lipstick, pencil marks, ink, grease, oily finger smudges, food soils and many other problem soils.

- Uses the power of hydrogen peroxide to lift away dirt and grime
- Great orange fragrance
- Cleans all surfaces
- Biodegradable
- Safe & easy to use

**AEROSOL AND READY-TO-USE PRODUCTS**

**H. Citizen Green EFP 100% Organic Degreaser** | *natural, effective degreaser*

SIN # 375-363

From small jobs to big ones, Citizen Green EFP™ 100% Organic Degreaser features the cutting power of citrus with the gentleness of soy to degrease equipment naturally. Effectively removes grease, oil, grime, tar, asphalt and other solvent-based soils.

- 100% organic solvents eliminate the hazards of chlorinated solvents or petroleum distillates
- Superior cleaning power cuts through tough grease, oil, grime, wax, and ink
- Features a high dielectric strength of 36k volt
- Controlled mist delivery and pleasant citrus scent ideal for close work

**I. Citizen Green EFP Degreaser & Deodorant** | *natural citrus degreaser*

SIN # 375-363

Citizen Green EFP™ Degreaser & Deodorant combines the power of natural citrus with the safety of soy to degrease and clean heavy machinery and equipment quickly. Effectively removes grease, oil, grime, tar, asphalt and other solvent-based soils.

- The only high-powered citrus degreaser that's VOC compliant in all states
- High pressure spray for heavy duty flushing action
- Penetrates, loosens and lifts contaminants from metal surfaces without harsh chemicals or fumes
- Surfaces can be water rinsed or wiped clean for residue-free drying

**J. Citizen Green EFP Dry Foam Carpet Cleaner & Deodorizer** | *cleaner and deodorizer*

SIN # 375-363

Citizen Green EFP™ Dry Foam Carpet Cleaner & Deodorizer uses a two-step approach to naturally eliminate stains and odors. First, the bio-enzymatic action attacks ground-in dirt and stubborn stains. Then, the natural chemical system instantly deodorizes. Effectively removes blood, food and beverages, wine, vomit, urine, feces and more.

- Bio-enzymatic action breaks down and digests organic soils and stains
- Penetrating action goes deep into carpet backing and padding
- Minimizes out-of-service time making it ideal for high traffic areas

**K. Citizen Green EFP Fabric & Upholstery Refresher** | *safe, effective odor-blocker*

SIN # 375-363

Citizen Green EFP™ Fabric & Upholstery Refresher is the natural choice to quickly and effectively refresh chairs, sofas, even carpet in public areas. It degrades the source of odors and leaves a pleasant, clean scent. Effectively deodorizes upholstery, pillows, carpets and rugs, drapes, pet areas, bedspreads, mattresses, public seating, automobile interiors and more.

- Special encapsulating film blocks odors immediately
- Bio-enzymatic formula breaks down organic soils and odors for good
- No rubbing or wiping away -- just spray it on and let it work
- Deep penetrating action soaks in, leaving upholstery and carpets refreshed

**L. Citizen Green EFP Foaming Coil Cleaner** | *natural, bio-enzymatic cleaner*

SIN # 375-363

Citizen Green EFP™ Foaming Coil Cleaner is a natural based coil and fin cleaner that ensures that clean, fresh air is carried throughout the air handling system. Effectively cleans dirt, lint and grease.

- No-rinse application
- Bio-enzymatic action breaks down organic odors and blockages
- Concentrated foam is water-based for no harsh vapors

M

**M. Citizen Green EFP Glass Cleaner RTU** | *safe, ready-to-use glass cleaner*

SIN # 375-363

Citizen Green EFP™ Glass Cleaner Ready-to-Use is a non-streaking, institutional formula, heavy duty glass cleaner and light duty, multipurpose cleaner. Its advanced formula contains demineralized water, state-of-the-art surfactants and wicking agents that dry fast for a non-streak, squeaky clean surface. Just spray on and wipe away for a streak-free, dust-repellent finish.

Removes fingerprints, smudges, smoke film, dust and dirt, grease and other soils on windows, mirrors, plastic, light fixtures, aluminum, brass, chrome, metal furniture, vinyl, appliances, paneling and countertops.

N

**N. Citizen Green EFP Organic Penetrating Oil** | *powerful, safe lubricant*

SIN # 375-363

When you've got a tough "nut to crack," hit it with a blast of Citizen Green EFP™ Organic Penetrating Oil. It's made with soybean oil and citrus to deliver fast-acting lubrication naturally. Citizen Green EFP Organic Penetrating Oil contains no silicones or harsh solvents, so it's safe on plastics, lacquers, insulation and paint.

- Capillary-action penetrants and solvents creep up threads and into tight spaces
- Breaks the bonds of rust, lubricates and quickly loosens frozen metal parts
- Dries off moisture and leaves a light, protective coating
- Reduces friction and wear, ensuring free and easy movement over a broad temperature range

O

**O. Citizen Green EFP Solvent Degreaser** | *safe, industrial-strength solvent*

SIN # 375-363

Citizen Green EFP™ Solvent Degreaser is an industrial strength cleaning solvent made from all-natural soybean oil that's ideal for electrical and mechanical equipment. Citizen Green EFP Solvent Degreaser has a controlled evaporation to thoroughly penetrate and dissolve grease, tar, oil, grime and other solvent based-dirt.

- Controlled evaporation allows for one-step penetration and dissolving of grease, oil and tar
- High flash solvent in excess of 200° F is safe on plastic
- Contains no water, terpene or citrus oil

P

**P. Citizen Green EFP Total Bathroom Cleaner** | *safe, effective bathroom cleaner*

SIN # 375-363

Citizen Green EFP™ Total Bathroom Cleaner is a chemical-bacterial blend of biodegradable cleaners and enzyme-producing bacteria that work together to safely dissolve and digest organic deposits that cause stains and odors. Effectively cleans porcelain, chrome, metal, glass and mirrors, painted surfaces, stainless steel, tile and more.

- Cleans and deodorizes without acids or caustics, won't harm plumbing or fixtures
- Naturally eliminates organic soils and odors, leaving a fresh, clean scent
- Biological action liquifies and removes urine salts, provides continuous enzymatic cleaning action in pipes, drains and waste systems
- Dissolves soap scum and hard water stains, controls mold and mildew growth

Q

**Q. Citizen Green EFP OXY-HS RTU** | *safe, ready-to-use cleaner and degreaser*

SIN # 375-363

Citizen Green EFP™ OXY-HS Cleaner/Degreaser Ready-to-Use is a superior cleaner and degreaser for use on all types of hard surfaces. It contains natural orange solvents, special detergents, penetrating and soil lifting agents, as well as special ingredients to prevent soils from redepositing on surfaces.

- Uses the power of hydrogen peroxide to clean and degrease in one step
- No ozone depleting compounds or VOCs, non-toxic, non-corrosive, non-flammable
- Safe for use on all hard, washable surfaces
